REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Amended claim 1 is allowed over the prior art of record because none of the prior art discloses or suggests a liquid crystal display comprising an enclosed wall structure, provided in between two substrates, wherein the enclosed wall structure and the two substrates form a first enclosed space, a sealant, formed outside said enclosed wall structure between said two substrates, wherein said sealant and said two substrates form a second enclosed space, and at least a thin film transistor, being formed in said first enclosed space on one of said two substrates, wherein *the enclosed wall structure comprises a conductive wall*. Claims 3, 8 and 28 are also allowed since they depend on allowed claim 1.

Amended claim 5 is allowed over the prior art of record because none of the prior art discloses or suggests a liquid crystal display comprising an enclosed wall structure, provided in between two substrates, wherein the enclosed wall structure and the two substrates form a first enclosed space, a sealant, formed outside said enclosed wall structure between said two substrates, wherein said sealant and said two substrates form a second enclosed space, and at least a thin film transistor, being formed in said first enclosed space on one of said two substrates, wherein *a plurality of conductive walls for conducting said two substrates are provided on said substrate that has said thin film transistors, wherein the conductive walls are located within the first enclosed space*.
